

GLEE CLUB HOLDS FIRST PRACTICE

Rock Island High School Organization Promises to Make Unusually Good Showing This Year.

MAY PRESENT MINSTREL SHOW

E. L. Philbrook, Director of Boys, Is Especially Pleased With Talent Displayed at Rehearsal.

The high school glee club met for the first time this year yesterday morning in room 13 at the Rock Island high school. All the old members who did not graduate last year were present and also a large number of new members. E. L. Philbrook will again have charge of the glee club this year, and after a strenuous rehearsal declared himself as pleased with the talent shown. He intimated that if the fellows were willing to work there would be a possibility of having a concert or minstrel show within a very short time.

Most of the old glee club men are back as there were very few seniors in the society last year, and as they have had a year's experience they should be able to present an entertainment of merit. There was no play given by the boys' glee club last year because of Mr. Philbrook's inability to secure a date for the occasion.

There is a possibility that the glee club may give two concerts this year. Mr. Philbrook is well pleased with the interest displayed and has assured the boys that he will do his best for them if they will respond and work willingly. The members of last year's glee club are as follows: First tenor, Frazier Vance, Arthur Dodson and Lester Turner; second tenor, John Gustafson, Philip Wagner; baritone, Dwight La Grange, George Adams and Harry Davis; bass, Clifford Myers, Burtis Wilson, Howard Ramser.

REV. SCHAAD TALKS AT TRINITY SUNDAY

Rev. J. A. Schaad, who conducted a mission in Trinity Episcopal church last March, will be here again tomorrow and speak in the church at the 10:45 service on "The End of the Diocese." At the last synod of the diocese of Quincy a commission was appointed to take steps towards increasing the present endowment, which amounts to about \$20,000. The commission secured the services of Rev. Mr. Schaad to act as its financial representative, and Mr. Schaad is presenting the subject in the various parishes of the diocese of Quincy. No subscriptions will be taken on this visit. The vestry of Trinity church has been appointed a committee to cooperate with Mr. Schaad when he is ready to ask the people of the parish for pledges. Tomorrow he will simply present the subject that all may become familiar with it. Mr. Schaad will also be the speaker at the banquet which will be served in the parish house on Tuesday night by the ladies of the parish to the members of Trinity Men's club.

Our Kitchen is Your Kitchen—it cost two million dollars and was built to furnish you with crisp, golden loaves of Shredded Wheat, the purest, cleanest, most nutritious cereal food in the world. GIRLS' DAY IN SUNDAY SCHOOL AT FIRST M. E.

Following the boys' day at the First Methodist Sunday school, when the boys arranged and so successfully carried out their own program of songs, recitations, scripture readings and special music, the girls of the junior and intermediate department of that school will have their inning on next Sunday morning at 9:30, and will have complete charge of all the exercises in the opening of the school. Preparations for the day were commenced a few weeks ago, when the girls were called into conference with the superintendent and told that they could have their own day in the Sunday school, if they would arrange and carry out a program that would do credit to them and to the school. The spirit of contest was immediately in the air, and the girls declared their program would be one that would make the boys wonder why they hadn't thought of the good things they will have. Miss Helch Hazard was at once elected by the girls as their superintendent for the day, and all the necessary committees were appointed. Everything is busily at work, and the girls are confident that their part of the program is concerned the day shall be a success. The enthusiasm created in getting ready for the day has already been of great benefit to the girls themselves, because each girl feels that she is a part of the Sunday school and that her help is essential to make its influence felt in the community.

The invitations were prepared by the girls and they have also made a sufficient number of souvenirs so that each person attending will receive one. The program will be a feature of the day, and there will be solos on violin, harp and piano, as well as special vocal numbers.

A special invitation is extended to all to attend this service and help the girls make it one grand success. It will begin promptly at 9:30.

At the hour of morning worship Rev. W. H. Witter of Denver, Col., will preach and there will be baptism of infants and reception of members. Miss Elizabeth Chaney will play a violin number, "Sweet Spirit, Hear My Prayer," by Jules Horn. At the evening service the pastor, Dr. O. T. Dwinell, will preach the last sermon of the conference year on "Prospect and Retrospect." Glenn Reid will sing and Miss Alford Lindorff will give a harp solo.

A special invitation is extended to all to attend this service and help the girls make it one grand success. It will begin promptly at 9:30.

FOUND: The Coat for Every Daytime Occasion.

It is of plush, warm and all-enveloping, presenting a sober exterior over a bright-hued lining. It is full or three-quarter length, with a straight-from-the-shoulder flare and generous pockets.

It is semi-fitted and beltless, or with an all-around-triple or triple belt, the slant-wise pockets a temptation for the hands on a snappy day.

The flaring collar which carries out the smart, ripple lines is in reality, a cape edged with brown fur. The ample, roomy sleeves with their novelty cuffs are in one piece with the yoke.

Plush coats in splendid variety at \$19.75 and up to \$75.00.

A Corset for Every Figure and a Corset for Every Frock

A French woman thinks first of her corset and then of the new gown under which it is to be worn. She has learned that an evening gown demands a different corset from that worn under a tailored suit; that the lines suitable for a sport costume would mar the effect of a dance frock. She would as soon wear shabby shoes and torn gloves, as an old, ill-fitting corset, over which she knows the charm of rich material and becoming style is lost.

This store features such well known makes of corsets as Modart, front laced, Redfern, Regalste, C-B ala Spirite, R & G, Regis, Nemo Standard, with abdominal support, Ferris Corsets for all types of figures, etc. Let our expert corsetier fit your figure with the proper model—fittings may be arranged by telephone if you wish.

Autumn Millinery

For women who are particular the best expression of fashion's favored styles in millinery is found in the new McCabe Hats.

The styles are so many and varied that one might almost imagine a hat had been specially designed to meet each individual requirement.

More than our usual number of Paris Adaptations by New York artists, and our own exclusive creations, combine to make Autumn Millinery a factor of extraordinary importance in the exposition of Fall Styles.

"San Jose Gage" as Pictured.

Is a very charming new Gage model just received. It is of deep sapphire blue velvet, trimmed with Kolinsky fur. The bag to go with it is of same material, also fur trimmed.

Other exclusive models from such famous artists as Elzee, Vogue, Gerhardt, Edson Keith, Hyland, Cowen and Marsh, Farrington and Evans and others.

This is the Day of the Silhouette in Dresses

The variety is legion. No matter which your favorite, you will find it here, but changed into something even more exquisite than you expected. For the young ladies, nothing is more charming than First Empire frocks in quaint combination of materials and colors. This Empire motif is repeated in the formed Chemise Dress, which is really a dress over a dress, perhaps of lace taffeta with net under panels, or all Georgette with the tunic to the knees.

Other models in Georgette are elaborately trimmed with metal embroidery or with wide and narrow bands of velvet or braid. In a dainty receiving frock, the draped girle and tightened bodice above the full skirt hint at the days of daquerre types.

Scores of these charming, new models, here and ready, variously priced at \$15.00 to \$65.00.

New Silk Petticoats

Before you try on that new suit, let us show you a silk petticoat: "Limp" taffeta with narrow, knife pleating is a favorite model, or a silk jersey with soft taffeta flounces, a soft, supple material pleasant to wear under the cloth skirt.

Splendid taffeta petticoats in all the bright petticoat colors at \$2.95. Others in taffeta and taffeta and silk jersey on up to \$7.50.
